# 2024 SYDNEY LUNAR NEW YEAR DRAGON BOAT FESTIVAL CORPORATE EVENT

## FAQ

### Why is there just a single fee?

We found the old fee structure was hard to explain and didn't make sense during an elevator pitch. We want it to be easier to have Corporates be involved. Now your entry fee, training fees, insurance and equipment fees are in a single easy to explain price.

### Why the change to Friday Night Racing?

This will allow our event to have a 3rd day of competition that is appealing to International & Interstate crews, with the aim to have this event to grow in to an International Regatta over the next few years.

Having our Corporates race on a Friday will allow them to bring their colleagues down to support, will allow for the crew to go to a local venue after the event and will allow the paddlers to have their weekends with the families and friends.

Our goal is to grow the Corporate Division and we believe Friday twilight will be more conducive to Corporate crews joining in the future.

### Can we do more than 3 training sessions?

Of course you can. For additional training sessions we have a set fee of \$300 per session.

### Can we train at a venue other than the Bank St, Pyrmont Hub?

Yes! If you have a preexisting relationship with a club outside of our Bank St hub, you can continue your existing relationship with them and pay our entry only fee.

If you are new to Dragon Boating, we have a number of clubs registered to this program around Sydney that we are happy to put you in touch with.

### Do we need prior Dragon Boating experience?

Absolutely not. Everyone and anyone is welcome to join. Let us teach you everything you need to know.
